

# California Climate & Agriculture Summit: Impacts & Innovations

**March 31, 2011 • 8:00am — 5:30pm, followed by a wine & cheese reception  
UC Davis Conference Center**

This Summit will explore some of the latest developments in science and on-farm practices that show promise for reducing agricultural greenhouse gas emissions and sequestering carbon. Participants will include farmers and ranchers, agency staff, policymakers and advocates concerned with issues of climate change challenges and opportunities for California agriculture.

### TOPICS:

- |  |  |
|--|--|
| Impacts & Adaptation: What to Expect & How to Cope | Soil Management: Impacts on GHG Emissions & Carbon Sequestration |
| Taking a Whole Farm Approach to Climate Protection | Calculators & Credits  |
| Farm Power: On-Farm Renewable Energy               | Researcher/Farmer Partnerships                                   |
| Climate Benefits of Rangeland Conservation         | Farmland Protection  |
| Technical Assistance for Producers                 | Dairies & Climate Change   |
|  | State & Federal Policy Updates                                   |

### PARTIAL SPEAKER LIST:

- |   |   |
|---|---|
| Ann Thrupp, Fetzner                                     | Johan Six, UC Davis                                 |
| Bryan Weare, UC Davis                                   | John Garn, Viewcraft                                |
| Charles Benbrook, The Organic Center                    | Louise Jackson, UC Davis                            |
| Cindy Daley, Chico State University                     | Max DuBuisson, Climate Action Registry              |
| Darla Guenzler, CA Coalition of Land Trusts             | Michel Cavigelli, USDA Agriculture Research Service |
| David Shabazian, Sacramento Area Council of Governments | Rex Dufour, NCAT/ATTRA                              |
| Frank Mitloehner, UC Davis                              | Russ Lester, Dixon Ridge Farms                      |
| James Bartolome, UC Berkeley                            | Tony Turkovich, Button & Turkovich Ranch            |
| Jeff Mitchell, Cooperative Extension                    | Whendee Silver, UC Berkeley                         |

### COST:

Registration includes a light breakfast, lunch, and wine & cheese reception at the end of the day.  
General registration: \$70 (before Feb. 27) or \$85 (after Feb. 27)  
Farmers and ranchers: \$35

**TO REGISTER:** For a complete program and to register, go to [www.calclimateag.org](http://www.calclimateag.org)
